

Engagement Course Evaluation

Lead Mentor: _____

Training Location: _____ Training Date: _____

Support Mentors: _____

Participant Name:(optional) _____

Objectives Achieved	Not at All	Some what	Generally	Mostly	Completely	Supporting Details
1. Describe the role of a PAC Engagement Leader, as opposed to the traditional role of an Activity Coordinator						
2. Recognize the importance and value of engaging human beings when dementia limits their access to the world						
3. Recognize and adapt to the different personality types, as well as preferred learning styles and intelligences, and recognize how these affect individual interaction preferences						
4. Accurately use PAC skills, including PPA™ and HuH®, to optimize interactions and programming with PLwD, support personnel, family members, peers, leaders, and the public						
5. Demonstrate how to recognize and address unmet emotional and physical needs for each GEMS® state, and how to incorporate GEMS®-based programming						
6. Demonstrate organizational and planning skills relating to engagement programming						
7. Identify and use the six core building blocks of a successful engagement program and the four key categories of opportunities for engagement to fill the day with value and meaning						
8. Recognize effective support, assessment, and feedback needed for the delivery of effective engagement opportunities for PLWD and their partners						
Mentors	Not at All	Some what	Generally	Mostly	Completely	Supporting Details
