Educate Staff with Positive Approach Videos

Play the included DVD or Online Video in an offline, in-person group setting

Your team members can watch the Online Video in their own online learning account, accessible 24/7 from any internet-ready device

Learning Materials

Manually print and distribute to your staff

Accessible from each Learner's account to download and print

Monitor Learning Progress and Quiz Results

- Manually print quiz and distribute to your staff
- Administrator manually grades quizzes using the included Answer Key

- Quizzes are online in each Learner's account
- Quizzes are automatically graded with the option to review answers and/or retake the quiz
- Learners can download a PDF version of their quiz and receive it per email

Download course progress reports and quiz results for easy tracking and documentation

Not included

Group Leaders can monitor Learners' progress and quiz results, and easily download reports from within the Group Leader panel with the click of a button

Get *Certificates of Completion* after Quiz Completion

Administrator manually adds each learner's name to the *Certificate Template* before printing and distributing it

Each Learner gets an automatically generated *Certificate of Completion* in their account and via email

Have your staff view programs from a PC, Mac, laptop, tablet, or smartphone\* (\*internet connection required)

Not included

Your team members can watch the Online Video in their own online learning account via any internet and video-ready device

Give online 24/7 video access to each of your staff members

Not included

Your team members can watch the Online Video in their own online learning account around the clock
